Description

The Line Filter is a simple isolation power transformer combined with a noise filter for cleaning up the ac line. It is entirely passive and provides a filtered and balanced ac source for low power equipment (up to 120 watt maximum). The input voltage is selectable between 120V and 240V allowing any of the Hagerman Audio Labs products to be used worldwide.

Package Contents

- Line Filter
- Power cord

Specifications

Item	Specification
Power	120 watt maximum
Size	5" x 7" x 3"

Operation

The Line Filter connects between your Hagerman Audio Labs equipment and the ac line. The input voltage is selectable between 120V and 240V. Do NOT switch while plugged in.
