Description

The UFO (uniform frequency orbiter) strobeclamp is a finely machined and balanced record clamp designed to improve the dynamics and reduce noise floor when playing LPs. It also has a one-of-a-kind built-in speed strobe for accurate adjustment of platter velocity. The crystal-based circuit operates at 75Hz, to reduce visual interference from normal room lighting.

Package Contents

- UFO
- Extra set of batteries

Specifications

Item	Specification
Weight	1.2 lb. (0.5kg)
Size	3" diameter, 3.3" tall
Strobe Frequency	75.000Hz
Speed markings	33.3, 45, 78
Battery Life	25 hours continuous
Battery Type	1/2AA lithium 3V

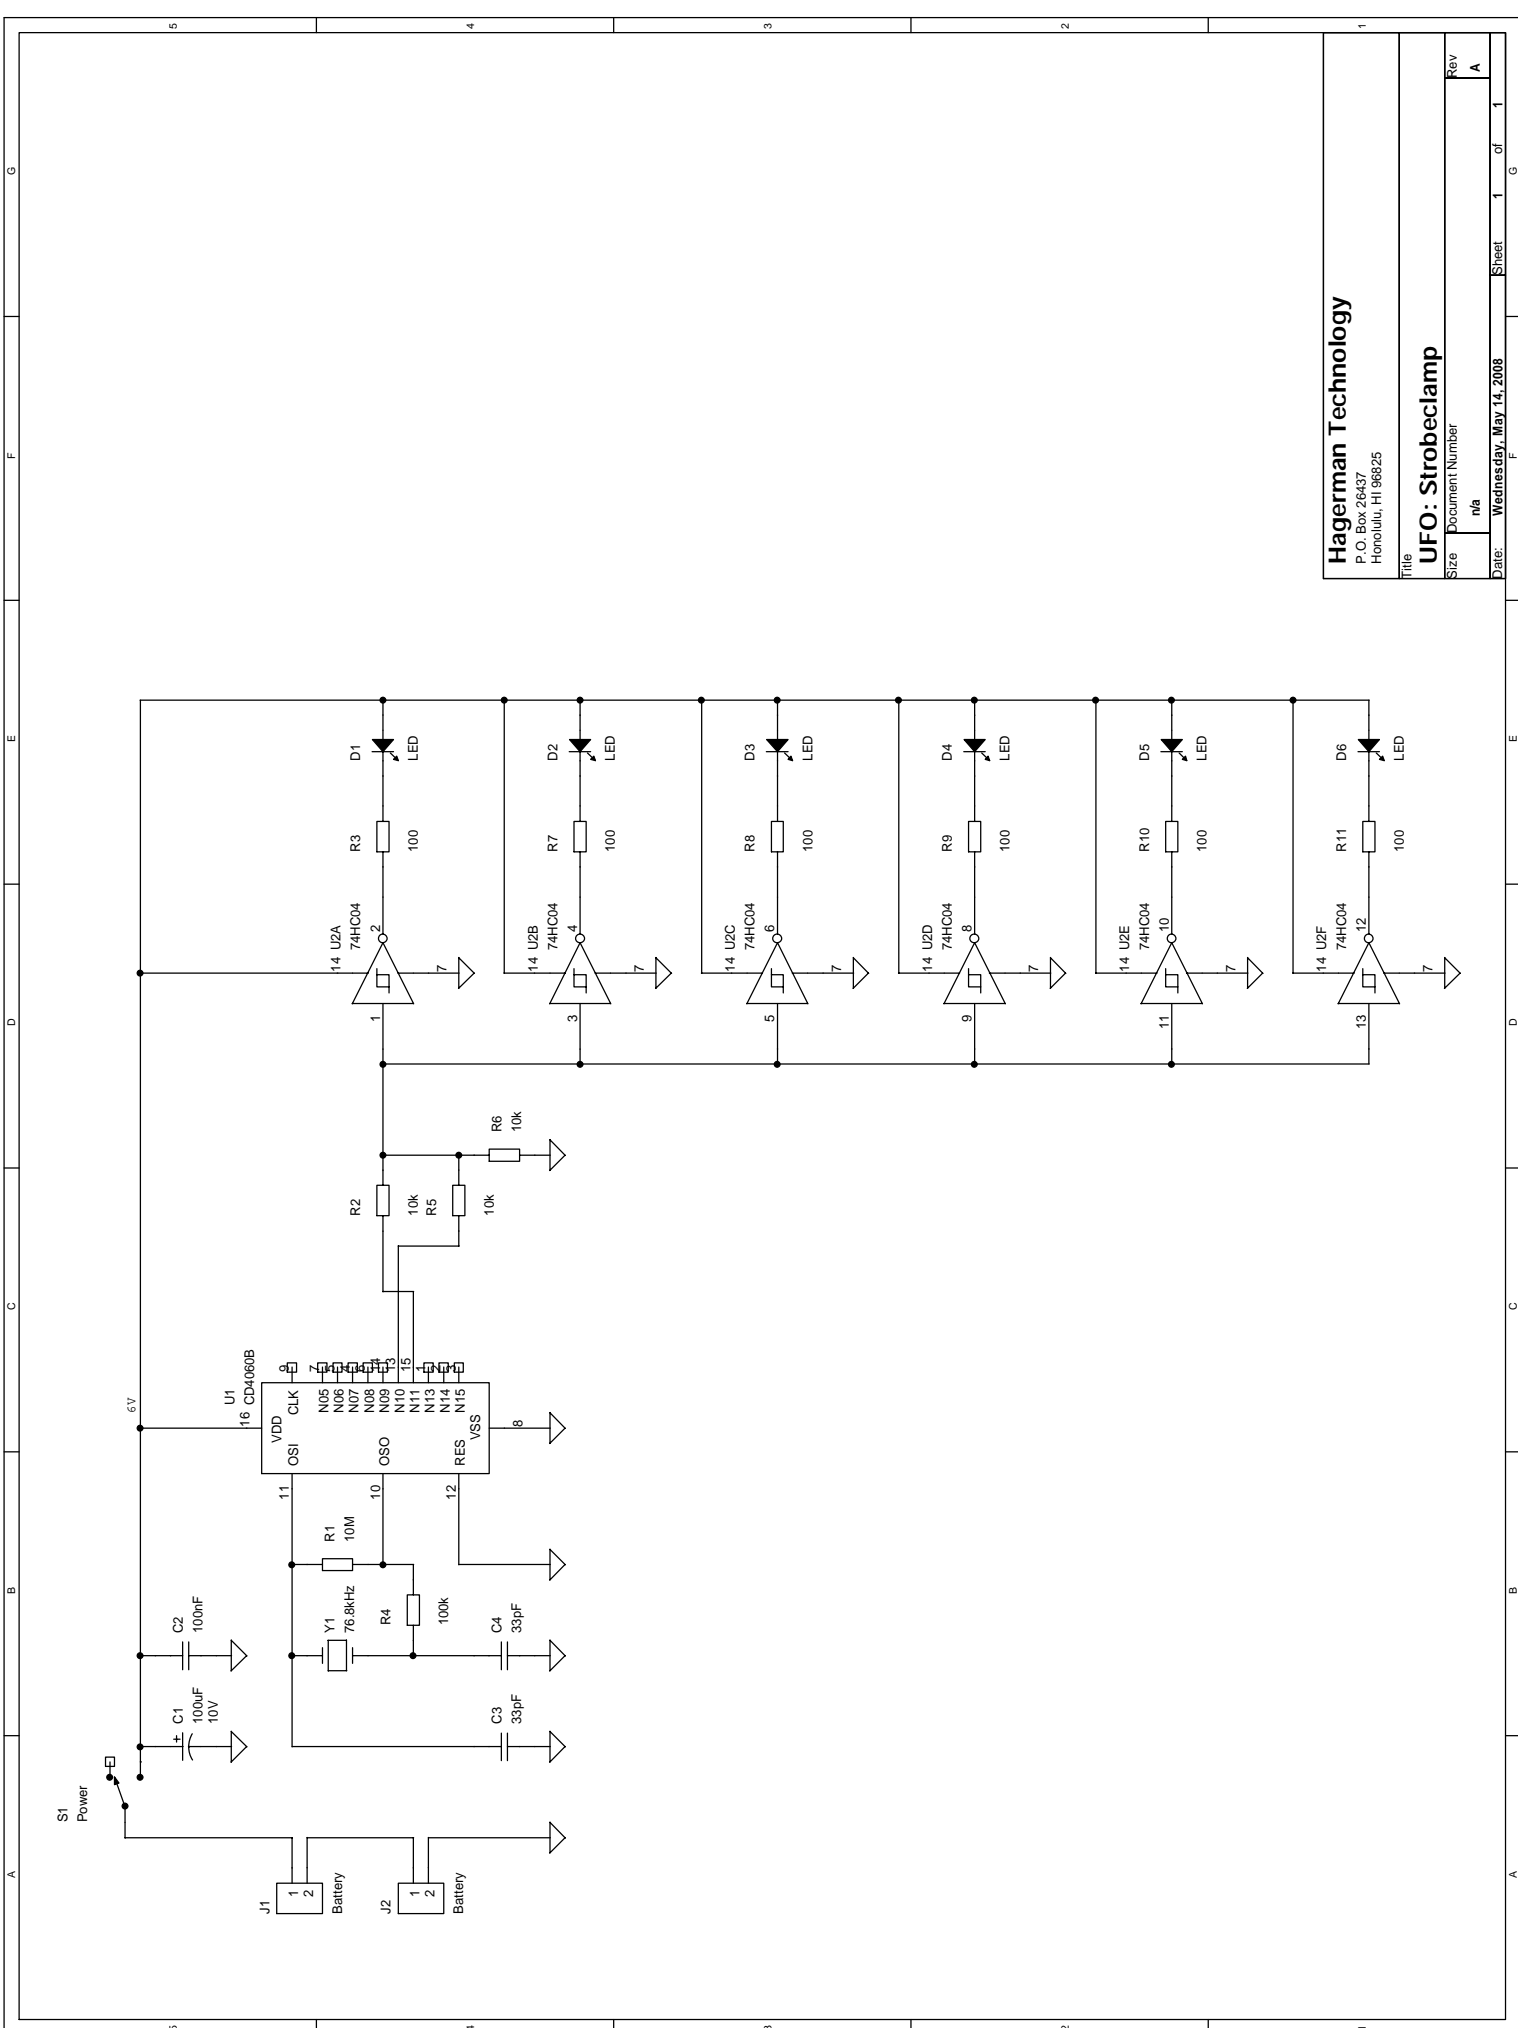

Operation

The UFO is simple to use, just place on the record spindle. Strobe lights are turned on and off by the pushbutton located at the top.

Batteries

New batteries can be purchased at local drug or camera stores. They can also be obtained from Digi-Key (www.digikey.com) part number 439-1000. Always change both batteries at the same time.

To replace batteries, remove the four screws holding the top cover in place. Batteries are installed into the plastic holders. Make sure polarity (“+”) is correct.
